

An awarding business

PHOTOGRAPHY BY JOHN COCKS

The great and the good turned out to a glittering ceremony to discover who had been crowned kings and queens of the business world.

Television presenter Trevor Green and BBC Radio Manchester's Allan Beswick attended the LABC Cheshire Built in Quality Awards held at Mere Golf and Country Club.

There were several awards up for grabs including the Best Public/Community Project picked up by Morgan Ashurst for their work on Lifestyle Centre in Winsford, Best Commercial Project presented to RCL Construction for their work at Chester Racecourse and an award for Best Housing/Residential Project which was taken by PH Property Holdings Ltd for their work on Kennels Farm on the Arley Hall estate.

The big prize, the Supreme Award, went to Gail and Michael Stainton of MH Stainton Ltd, who also won Best One-off House/Conversion Award. Guests enjoyed a three course dinner and disco and a charity raffle was held to raise money for Bowel Cancer UK.
